

## Y1 Phonics

**LO: long vowel sounds – ai**

Today, we're continuing looking at words with an ai phoneme.

In this lesson, your child has to sound out the word and then decide if it's a real word or a nonsense word. I've done the first two for you.

<i>make</i>	<i>caid</i>	play	baby	payg
bleigh	snail	rafe	sleigh	tray

Now, sort the words into the correct group based on the ai grapheme.

real word	nonsense word
<i>make</i>	<i>caid</i>
