Y2 – Arithmetic Subtraction – Lesson 1 - ANSWERS

Hello Year 2s!

Today, we're solving a variety of subtraction problems. Before you get started on this worksheet, make sure you've watched the video where I explain how to solve similar problems using a few different strategies.

1. $70 - 50 = 20$

2. $40 - 30 = 10$

3. $17 - 4 = 13$

4. $12 - 6 = 6$

5. $24 - 7 = 17$

6. $45 - 20 = 25$

7. $78 - 30 = 48$

8. $57 - 24 = 33$

9. $68 - 43 = 25$

10. $74 - 36 = 38$

11. $52 - 38 = 14$

12. $83 - 69 =$

If you've finished these and you'd like a challenge, ask your adult to set you a few more questions to solve.
