

Reading 30.04.20 ANSWERS

Let's see if you can use the contents page to know where to find information.

1. What page should I look at to find Wales? (not 'whales' – they're the creatures that swim in the sea!) **20-21**
2. What continent would I learn about on page 36? **Africa**
3. Where would you find more about the Arctic Ocean? **Page 39**
4. Create three of your own questions to ask someone at home.

And my final question... What is an index page for? (p46-48 on here). If you have a book with one in, have a go at using it. **An index is an alphabetical list of things mentioned in a book with the page numbers where they are located.**
