

LO: I know the seven continents and five oceans of the world

Activity 1

Use the internet to find the seven continents of the world. I taught you this in Y2 so you should have remembered it! Do you remember the song we used to sing? You know you do!

Activity 2

The same activity but this time it's the oceans of the world. Again, do you remember the song? Look on YouTube, it'll be stuck in your head all day!
