

**Tuesday 12th May**

We're going to continue to think about things that are hinted to us today. We use a lot of the same skills reading as we do when we watch TV, so today's task is to watch [this video](#) about Peter Pan (a classic children's story where children go and explore a new land) and answer the questions below. I'd suggest that you watch it all the way through first, and then re-watch to find the answers.

1) Within the first 12 seconds of the clip, how do the three children feel about the fairy dust?

John (shown second): \_\_\_\_\_

Michael (shown third): \_\_\_\_\_

2) How do the children feel about flying? (about 30 seconds into the clip)

3) What might the dog think when it sees the children flying? Write it in the thought bubble.

4) What does the dog want at 1:20 in the clip? Tick the right answer.

- to hear what they're saying
- to fly with the children
- the children to stop flying
- to eat some dinner

5) How do you know that?

6) How does Tinker Bell feel about Wendy at 1:51?
