

LO: Types of shading

There are many line techniques that can be used to create tone. Here are some:

- Hatching (long, parallel lines on an angle)
- Cross-hatching (parallel lines at right angles)
- Contouring
- Blending
- Stippling (dots)
- Scribbles (your own ideas)

This link shows you some examples (13 mins). <https://www.youtube.com/watch?v=Wh-zFiYhWOM>
