

Y4 – Wednesday – Times Tables

LO: times tables

We've learnt all of the times tables and now is a time to practice them altogether. We can do this using

- Times Table Rock Stars (I will set up a battle for Wednesday)
- Hit the Button (<https://www.topmarks.co.uk/maths-games/hit-the-button>)
- Maths Frame (<https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check>)
- Another app or website that you use!

It should become clear to you (and adults at home) which times table you are not as confident with. It is up to you to take the responsibility to practice these more regularly.

You may be pretty confident on all of the times tables but have certain facts from some of them that you struggle with or you hesitate on. Practise these ones!

For me, writing them out is a boring but effective way to learn tables.

On the next page is the five minute check for all of the times tables. We will practice this one for the last weeks of term. Good luck. This is what you've spent three years working towards! If your score is low at first, it will get better.

Up to 12x times tables

You have **five minutes** to answer as many of these questions as possible.

If doing this in your books, you don't need to write the calculation, just the missing number.

At the end of the five minutes, count how many you got correct. Repeat the task later in the week to see if you improved your score.

Keep track of times table facts which you don't know and practise them.

1) 4 x 6 =	21) 1 x 11 =
2) 2 x = 16	22) 5 x 1 =
3) 9 x 5 =	23) 6 x = 6
4) x 5 = 30	24) 0 x 6 =
5) 12 x 7 =	25) x 5 = 30
6) 0 x 11 =	26) 0 x 9 =
7) x 11 = 55	27) 9 x = 99
8) 10 x 6 =	28) 3 x = 24
9) 9 x 1 =	29) x 3 = 3
10) 5 x 12 =	30) 7 x 10 =
11) 8 x = 16	31) 2 x 4 =
12) x 9 = 36	32) 1 x = 4
13) 5 x 8 =	33) x 7 = 14
14) 5 x 9 =	34) 11 x 8 =
15) 12 x = 144	35) 8 x 6 =
16) 12 x 6 =	36) 9 x = 99
17) x 12 = 72	37) x 2 = 6
18) 10 x 1 =	38) 4 x 2 =
19) 5 x 9 =	39) x 11 = 44
20) 12 x = 0	40) 7 x = 63
